

ABOUT US

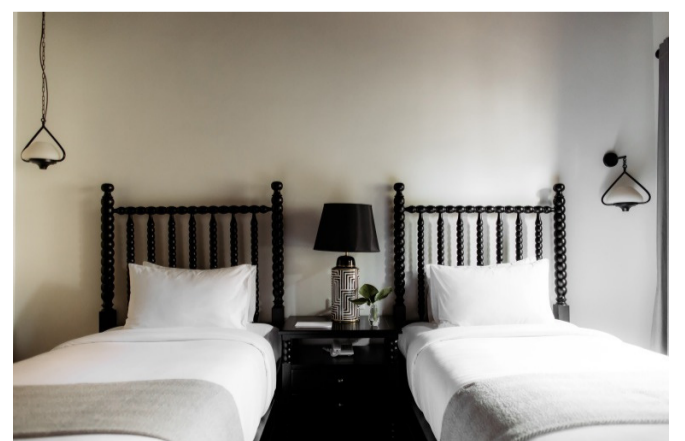

Rested right in the heart of UNESCO World Heritage's most picturesque neighborhood, V Maison is a welcoming and authentic boutique hotel experience honoring the rich classical heritage of Luang Prabang. The traditional twin houses have been mindfully restored using local materials and craftsmanship wherever possible.

With our heart-of-the-city location, our guests are only steps away from the town's most significant landmark and vibrant food scene, witnessing Luang Prabang's gentle rhythm of life.

ACCOMMODATION

As a part of the ancient town's original quarter, V Maison restored the houses in their original state-of-art manner. We offer 10 unique rooms with their own meaningful Sanskrit names. The meticulous details in each room are carefully selected to reflect our rich culture and authentic way of living.

Our two-story Laotian house allows a peaceful, yet exhilarating stay conveniently within a short walk away from all of Luang Prabang's main offerings. Our guests can genuinely experience their desired vacation while feeling right at home.
